

Class 11 Biology (NCERT) - Chapter-wise & Topic-wise Syllabus

1. The Living World

- Characteristics of Living Organisms
- Taxonomy
- Biodiversity

2. Biological Classification

- Five Kingdom Classification
- Viruses
- Lichens

3. Plant Kingdom

- Algae
- Bryophytes
- Pteridophytes
- Gymnosperms
- Angiosperms

4. Animal Kingdom

- Classification of Animals
- Non-chordates
- Chordates

5. Morphology of Flowering Plants

- Root
- Stem
- Leaf
- Flower
- Fruit
- Seed

6. Anatomy of Flowering Plants

- Tissues
- Internal Structure
- Secondary Growth

7. Structural Organisation in Animals

- Animal Tissues
- Cockroach
- Frog

8. Cell: The Unit of Life

- Cell Theory
- Cell Organelles
- Cell Membrane

9. Biomolecules

- Carbohydrates
- Proteins
- Lipids
- Nucleic Acids
- Enzymes

10. Cell Cycle and Cell Division

- Cell Cycle
- Mitosis
- Meiosis

11. Transport in Plants

- Water Transport
- Mineral Nutrition
- Transpiration

12. Mineral Nutrition

- Essential Elements
- Deficiency Symptoms
- Nitrogen Cycle

13. Photosynthesis in Higher Plants

- Light Reaction
- Dark Reaction
- Factors Affecting Photosynthesis

14. Respiration in Plants

- Glycolysis
- Krebs Cycle
- Electron Transport System

15. Plant Growth and Development

- Growth Regulators
- Photoperiodism
- Vernalisation

16. Digestion and Absorption

- Digestive System
- Digestive Enzymes
- Absorption

17. Breathing and Exchange of Gases

- Respiratory System
- Gas Exchange
- Transport of Gases

18. Body Fluids and Circulation

- Blood
- Heart
- Blood Vessels
- Lymph

19. Excretory Products and their Elimination

- Kidney
- Urine Formation
- Dialysis

20. Locomotion and Movement

- Bones
- Muscles
- Joints

21. Neural Control and Coordination

- Neuron
- Brain
- Spinal Cord
- Reflex Action

22. Chemical Coordination and Integration

- Hormones
- Endocrine Glands

- Feedback Mechanism
